

Technical Data Sheet

Description

SidleyCel® EC GN-100 is a granule Ethyl Cellulose (EC) which is designed for using in a wide range of industrial applications.

Physical Analysis

Item	Standard
Physical form	White powder or granule with odorless and tasteless.
Ethoxyl	48.0% - 49.5%
Viscosity (5% w/w in 80/20, Toluene/Ethanol, 25°C)	100 - 150 cps
Loss on drying	2.0% max
Residue on ignition	0.40% max
Heavy metal	20 ppm max
Lead	10 ppm max

Packaging

20kg fiber drum with inner liner.

Storage and Shelf Life

3 years under cool, dry conditions in original packaging away from heat sources. It is recommended to use the product in rotation on a first-in first-out basis.
